

# Lisbon International Hip Symposium

**November, 16<sup>th</sup> and 17<sup>th</sup> 2017**  
Hospital da Luz Lisboa auditorium

## Program

### 1<sup>st</sup> day

08h30 Registration

08h45 **Welcome**  
Paulo Rego

09h00 **Anatomy & imaging**  
Moderators: Pedro Dantas | Oliver Marín-Peña  
**Relevant anatomy for hip preserving surgery**  
Hubert Nötzli (10')  
**Hip vascular supply update: anatomy and importance of lateral femoral circumflex artery**  
Morteza Kalhor (10')  
**Arterial topographic anatomy near the femoral head-neck junction**  
Paulo Rego (10')  
**Hip MRI imaging in FAI, an update**  
Vasco Mascarenhas (10')  
**X-ray and MRI findings in Dysplasia**  
Dian-zhong Luo (10')  
**Discussion** (10')

10h00 Coffee break

10h30 **Femoroacetabular impingement I - Patients selection**  
Moderators: Marc Tey | Moritz Tannast  
**Differential diagnosis of hip pain**  
Hubert Nötzli (12')  
**Clinical examination in FAI**  
Oliver Marín-Peña (12')  
**Indications for arthroscopy**  
Paulo Rego (12')

**Indications for open surgery**  
Oliver Marín-Peña (12')  
**Discussion** (12')

11h30 **Femoroacetabular impingement II - Open surgery**  
Moderators: Gennaro Fiorentino | Jorge Cruz de Melo  
**Technique of surgical hip dislocation (pitfalls)**  
Hubert Nötzli (10')  
**Technique and indications of extended retinacular flap & relative neck lengthening**  
Luigino Turchetto (10')  
**Technique and indications of head reduction osteotomy**  
Diego Collado (10')  
**Computer simulation and guided osteotomy for head reduction**  
Reinhold Ganz (10')  
**The experience with SHD in the Chinese Population**  
Dian-zhong Luo (10')  
**Discussion** (10')

12h30 Lunch

14h00 **Femoroacetabular impingement III - Arthroscopic surgery**  
Moderators: Filipe Oliveira | Paulo Rego  
**Access and decision for peripheral or central compartment first**  
Pedro Dantas (12')  
**Cam & pincer arthroscopic treatment - An update**  
Marc Tey (12')

# Lisbon International Hip Symposium

**November, 16<sup>th</sup> and 17<sup>th</sup> 2017**  
Hospital da Luz Lisboa auditorium

## Program

### Strategies for arthroscopic labral repair

Pedro Dantas (12')

### Sciatic nerve endoscopic decompression

Filipe Bataillie (12')

### Discussion (12')

## 15h00 Femoroacetabular impingement IV - Results

Moderators: Hubert Nötzli | Pedro Pinto

### Which MRI findings predict long-term failure after FAI surgery?

Moritz Tannast (12')

### What have I learned about arthroscopic labral repair in my experience

Gennaro Fiorentino (12')

### Open vs arthroscopic FAI treatment - midterm results

Pedro Pinto (12')

### Physical activity level and return to sports after open treatment of femoroacetabular Impingement

Eduardo Novais (12')

### Discussion (12')

## 16h00 Coffee break

## 16h30 Special topics

Moderators: Moritz Tannast | Filipe Oliveira

### Labral reconstruction with synthetic graft?

Marc Tey (10')

### Hip dislocation after low energy injury, does FAI has a role?

Oliver Marín-Peña (10')

### Colonna capsule arthroplasty: our 4 years early experience

Dian-zhong Luo (10')

### Abductor cuff tendon repair

Marc Tey (10')

### Capsule management in hip arthroscopy

Jorge Cruz de Melo (10')

### Discussion (10')

## 17h30 End of day 1

## 2<sup>nd</sup> day

### Live surgery

## 08h30 PAO vs Extended medial circumflex artery flap for complex deformity

Paulo Rego | Hubert Nötzli | Moritz Tannast

## 12h00 Coffee break

## 12h30 Children and adolescent hip I

Moderators: Pedro Dantas | Luigino Turchetto

### Hip impingement in SCFE and Perthes Disease

Diego Collado (12')

### The pattern of impingement in hips with valgus slip deformity

Morteza Kalhor (12')

### Our experience in extended retinacular flap for hip deformities

Michael Millis (12')

# Lisbon International Hip Symposium

**November, 16<sup>th</sup> and 17<sup>th</sup> 2017**  
Hospital da Luz Lisboa auditorium

## Program

**Hip instability after anatomic reduction:  
when to add PAO**

Reinhold Ganz (12')

**Discussion** (12')

**13h30 Lunch**

**14h30 Children & adolescent hip II**

Moderators: Eduardo Novais | Diego Collado

**How frequent is femoral maltorsion in  
the young, painful hip?**

Moritz Tannast (12')

**Results of PAO's done in skeletally  
immature patients**

Michael Millis (12')

**Caput flexum a rare deformity of the  
growing hip**

Reinhold Ganz (12')

**Biological response of complex  
procedures in young hips**

Reinhold Ganz (12')

**Discussion** (12')

**15h30 Hip instability & Dysplasia I**

Moderators: Hubert Nötzli | Oliver Marín-Peña

**PAO surgical technique**

Luigino Turchetto (12')

**Strategies to prevent nerve damage in PAO**

Morteza Kalhor (12')

**PAO for non dysplastic morphologies**

Reinhold Ganz (12')

**Results of our reverse PAO's for  
overcoverage**

Michael Millis (12')

**Discussion** (12')

**16h30 Coffee break**

**17h00 Hip instability & Dysplasia III**

Moderators: Michael Millis | Diego Collado

**Hip dysplasia: the femoral side**

Paulo Rego (12')

**Borderline dysplasia: when to do PAO,  
when to do arthroscopy**

Filipe Oliveira (12')

**Anteverting PAO or rim trimming in  
acetabular retroversion?**

Moritz Tannast (12')

**Level of physical activity before and  
after PAO**

Eduardo Novais (12')

**Discussion** (12')

**18h00 Closing remarks**

Paulo Rego

**18h10 Closure**

### Chairman:

Paulo Rego

### Speakers:

Dian-zhong Luo (CN) | Diego Collado (ES) | Eduardo Novais (USA) | Filip Bataillie (BE) | Filipe Oliveira (PT)  
Gennaro Fiorentino (IT) | Hubert Nötzli (CH) | Jorge Cruz de Melo (PT) | Luigino Turchetto (IT) | Marc Tey (ES)  
Moritz Tannast (CH) | Michael Millis (USA) | Morteza Kalhor (IR) | Oliver Marín-Peña (ES) | Paulo Rego (PT)  
Pedro Dantas (PT) | Pedro Pinto (PT) | Reinhold Ganz (CH) | Vasco Mascarenhas (PT)
